Report of Principal and School Improvement Council

During the 2009–2010 school year, the faculty and staff of Gilbert Middle School focused on the theme “Putting the Pieces Together.” This theme was the center of our collaborative efforts to create a learning environment in which all students can find success. Whether in the classroom, on the performance stage, or on the athletic field, we want to ensure that our students have every opportunity to reach their full potential.

Throughout the year, our teachers worked to implement and refine our Response To Intervention initiative. We believe that this system of interventions will greatly improve student achievement on our campus. Our ongoing professional development on developing common assessments is improving the manner in which our teachers measure students’ understanding of the content taught. We have already seen great results and will continue to provide time for our faculty to work together to develop quality lessons and assessments that are on-target with our state standards. In addition to our work with RTI and common assessments, we continue to utilize the elements of the Making Middle Grades Work framework for school improvement.

With the help of our Parent Teacher Organization and School Improvement Council, we were able to plan and carry out special events such as our annual Open House, as well as a Math Night that was designed to provide parents with practical ideas for helping their child with mathematics. These groups also helped us improve our student recognition programs. We are very proud of the success of our “Making a Difference” program. Each quarter, teachers recognize students who have made a positive difference for themselves, the school, or the community. These programs have been well-attended by our parents. We have truly enjoyed celebrating all of the great things our students have done to make a difference!

We are proud of the continued success of our fine arts department. Our band, chorus and orchestra all received Superior and Excellent ratings at state and national festivals. Our band received the S.C. Band Director’s Association’s prestigious Outstanding Performance Award for the first time since 2000. We anticipate that all of these programs will continue to be successful.

GMS students participated in several community service projects this year. Our Pro-Team students donated \$1,500 to the Sea Turtle Hospital located at the S.C. Aquarium. Our Relay For Life team was named “Most Spirited” at the annual event. Our students helped to raise enough money to purchase and present a new set of service flags to the Lexington High School JROTC. We did this to say “thank you” to this outstanding group for all they have done for our school, community and district.

We appreciate the support we receive from our parents and the community. We also want to thank our PTO and SIC for their assistance in enhancing the educational experience of our students.
